President’s Message

Dear Philadelphia IIA Chapter Member,

So, 2020 is finally behind us, and what a challenging year it was! I hope that you and your families are healthy and safe and my prayers go out to all of those affected by COVID-19. As the days go by, we push forward and continue to find new ways to adjust to our new normal. Please be sure to take a timeout for yourselves.

The Chapter has been working hard to continue to provide you relevant and timely CPE events during this time and Zoom has been a ‘good friend’ to us! The Fall Conference was a huge success and Bernadette Robinson and Jen Neumeister, our conference Chairs, did an amazing job with it! As much as we miss seeing you in person, we will be staying all-virtual for the rest of the Chapter year and we will continue to keep a close eye on the City and State guidance and will continually re-evaluate our plans as things change.

The newly formed Diversity and Inclusion Committee has been meeting regularly and is making great strides in helping our Chapter to refocus and expand our diversity, equity, and inclusion. I have to thank our Committee Chairs, Nilu Shroff and Danai Lendor, as well as all of the Committee members, for their hard work, dedication and engagement on this critical issue. Please be sure to see both Danai’s and Ben Ablao’s spotlights later in this Newsletter.

The Employer Relations Committee has also been hard at work. Led by Adam Ross, Monica DeBellis, Mike Levy and Sean McErlean, this team is working to get more Internal Audit departments engaged with the Chapter and to increase our impact and support of our members.

We are currently reviewing and restructuring how we provide our CIA Prep Courses, we should have this set and in place by April, so stay tuned for more information. If you are not CIA certified yet, this is a great time to do
it! Certified Internal Auditors have more opportunities for advancement, demonstrate their commitment to the profession and those three letters after your name makes a strong statement about your expertise in the field. Never has there been a better time to invest in your own development!

I also would like to thank Danielle Ferrante and Andrew Baxter for volunteering to Chair our 2021 Spring Summit! The theme is *Taking on 2021 with Strength, Purpose, and Resolve* and planning is well underway. Be sure to save April 22 and April 23, 2021 on your calendars, it is going to be another amazing event!

I cannot say enough about how awesome our Chapter volunteers are! We could not do what we do without them and we manage to have fun doing it! If you are interested in getting more involved with the chapter, please send me an email and I will be sure you get connected to one of our committees.

Thank you for your continued support of the Chapter and I look forward to seeing you at an event, please stay well!

Fall Conference Event Spotlight

This year’s Fall Conference looked a little different than most. Given the current conditions, the chapter turned to a socially distanced conference. As members logged in to the individual conference rooms, the presenters were as eager as ever to see familiar, albeit virtual, names and faces.

The Conference began with a thought-provoking discussion on “Reimagining Resilience” provided by the keynote speaker, Jenitha John. Ms. John provided thoughtful insight on topics including resilience and internal audit, resilience leading to transformation, five keys to sustainability and the critical role of the new three lines model, by leveraging her extensive background in risk and audit including her current role as Chairman of the Board for the Institute of Internal Auditors.

As the individual sessions began, a common theme came forward as most presenters were left addressing the elephant in the room: the pandemic. We heard from presenters of mixed backgrounds speaking to our classes divided into the typical segments of Internal Audit, Fraud, Governance, Risk & Compliance (GRC) and Information Technology (IT). We also had an engaging and thought-provoking CAE track with over 20 Chief Audit Executives participating during the four sessions.

Despite being limited to greeting each other through computer screens, the conference was a huge success and our members enjoyed not only the learning opportunities but the engagement with each other and, of course, the music during the breaks! We could not have had such a great event without the help from the Conference Chairs as well as the countless individuals who volunteered as Track Chairs. We look forward to overcoming whatever obstacles come our way in the Spring of 2021 to deliver another high-quality informational conference to our members!

Diversity and Inclusion Committee

This year has brought us a year of change, self-reflection and education. As we all grapple with the challenges around us, the IIA Philadelphia Chapter Board of Governors is disheartened by racism and the continuing human rights violations against Black Americans and all people of color. The IIA Philadelphia Chapter is committed to ensuring an equitable, inclusive, and respectful place for all of our members, regardless of race, ethnicity, gender, age, gender identification, sexual orientation, disability, religion, or background.

To that end, we have created a Diversity and Inclusion Committee to continue conversations and ensure we are maximizing our sensitivities and cultural attentions. The newly formed Committee is made up of chapter members of diverse backgrounds and industries. The Committee is currently working together to determine their goals and objectives which will be used to drive the mission statement. At a high level, the Committee will be focusing on chapter diversity and inclusion (at the Board, Officer and Membership levels), awareness and community engagement.

The Committee has recently consulted with the National Association of Black Accountants (NABA) Chair of the Board and will continue to leverage experts in the audit and diversity and inclusion fields for help. Furthermore, the group is working closely with the Academic Relations Committee to coordinate with the many diverse student organizations at the local universities to promote the industry of internal audit.

If interested in joining, please reach out to the co-chairs of the committee Danai Lendor (dlendor@cenlar.com) or Nilu Shroff (nshroff@princeton.edu) for more detail.
Ronald Waters is currently an IT Audit Manager at Wells Fargo Bank. Ronald first joined Wells Fargo’s Internal Audit Group in 2015 as an IT Senior Audit Leader. Ronald also serves as Diversity Co-Chair for the Philadelphia office.

Prior to joining Wells Fargo, Ronald held several managerial positions in Audit Departments in various industries, as well as over 20 years of Information Technology experience as a DBA, Programming Coder, and Software Developer. He holds a Bachelor of Arts degree in Computer Science from Morehouse College, and a Masters of Software Engineering from Widener University. Ronald holds the following certifications; Certified Information Systems Auditor (CISA), Certified in Risk and Information Systems Control (CRISC), and Certified in Risk Management Assurance (CRMA).

Drawing upon his Information Technology experience as well as his Audit experience, Ronald encourages younger members in the audit profession to not be afraid to pursue opportunities both inside and outside of Internal Audit. He believes that there are a multitude of opportunities and experiences to be gained when you go outside your comfort zone and expand yourself through different audit engagements and on different teams. Personally, Ronald says his experience in different industries has enhanced his ability to understand different types of risks which will allow him to continue to elevate his career and the career of others in Internal Audit.

Ronald has enjoyed participating in the local chapter of The IIA in different events, as well as volunteering for the Fall and Spring conferences, and more recently participating on the Diversity and Inclusion Committee. He looks forward to helping to plan more activities in the local area and aspires to join the governing board one day.

Ronald is a father of two daughters and one son and loves spending his free time teaching his children about Option and Future investing, building entrepreneurial businesses, and just listening to their dreams and aspirations. Ronald also enjoys traveling to different countries with his wife Wendy, and looks forwards when things are safe again to continue adding different countries to the list of places they have traveled.

Danai Lendor is an Staff Auditor with Cenlar FSB within the Internal Audit Department. Danai has been a Mortgage Servicing Professional for nine years. She has a bachelor’s degree in Economics with a minor in Political Science from Rutgers University. Danai has also obtained the Certified Mortgage Servicer (CMS), Certified Risk and Compliance Management Professional (CRCMP), and Six Sigma Green Belt certifications. She has been a member of the IIA for 2 years now and is currently working towards her CIA certification. Danai is excited to be a IIA member. There are numerous opportunities for networking with other Audit professionals, as well as education.
courses, webinars, and committees to join to enhance your knowledge and skills throughout your Auditing journey.

Danai currently serves as the Co-Chair of the Diversity and Inclusion committee of the Philadelphia Chapter of the IIA. Danai has a passion for Diversity and Inclusion initiatives and hopes to promote change and awareness for Diversity and Inclusion and help attract more diverse members to the Internal Auditing Profession. As a young professional still learning to navigate Corporate America, she feels representation matters. Danai looks forward to the bright future of the Diversity and Inclusion committee and the hard work it will take to promote the change we all want to see.

Outside of work, Danai enjoys spending time with her son Trey (7) and fiancé Marcus. She also enjoys traveling, spending time with family and friends, and attending concerts, specifically Beyoncé concerts.
