The Wichita Chapter will:

a) Download the membership directory using information provided from The IIA Headquarters for each member profile. Listing information in The IIA member profile grants the Chapter authorization to include this information in the Membership Directory.

b) Restrict home addresses, home phone numbers, or personal email addresses from directory inclusion unless these items are listed as contact information on the individual IIA member profile.

c) Always include the following statement with our member directory: Information in this directory is for use solely by IIA members in contacting one another. “Use of information is prohibited for commercial use or solicitation of products and services. If you do not wish your name to be included in future directories, please express your wishes by marking the appropriate box on your Member profile on the IIA website.”

d) Advise any member(s) wishing to opt out of the Chapter’s Membership Directory that they may do so by opting out on their IIA member profile.

e) Advise any member(s) that the information contained in the Membership Directory may be altered or removed on The IIA headquarters website via their IIA member profile.

f) Restrict access to the membership directory by making the directory available in the password-protected Members Only area. Access to the Members Only area requires an active IIA membership and login credentials (email address/member number and password).

Email Usage
The Wichita Chapter will:

a) Restrict communications to professional uses relating to The IIA and Chapter business.

b) Not provide our email list to any outside party for any reason.
