President’s Message:

Happy Holidays!

Hard to believe we are already half way through this chapter year. We have a lot in store for you all in the second half of our chapter year. Coming up in January, we are excited to have Dr. Glenn Sumners present on the Changing Nature of Risk. See more on January’s luncheon in this newsletter and be looking for the invite email to go out soon.

We are also going to be starting the process of identifying the members that will help lead the chapter during the next chapter year. If you are interested in volunteering for a leadership role, or serving the chapter in any way, please contact us at Chapter121@iiachapters.org.

I hope you and your families enjoy a wonderful holiday season. We look forward to seeing you in the new year!

Thank you,
Kristin Bourque

Continuing Professional Education (CPE) and Continuing Professional Development (CPD) Requirements

2019 CPE/CPD reporting is now open. Log in to the Certification Candidate Management System (CCMS) to complete the CPE or CPD Reporting Form.

The reporting deadline is Dec. 31 each year. Should you fail to report your CPE/CPD, your certification/qualification will become inactive, and as a result, you are no longer approved to represent yourself as a certified individual. Individuals remaining "Inactive" for 12 months or longer will be charged a certification reinstatement fee.

As an IIA certified or qualified professional, you are responsible for ensuring that the CPE or CPD information in your report is accurate. You must include your membership or customer identification number when reporting your CPE or CPD. Get more information on CPE reporting steps for current and inactive certificants.

Don’t Miss Out on Being Included in The IIA Certification Registry

And remember, all individuals who have earned an IIA certification and maintain it by reporting CPE/CPD are eligible to opt in to The IIA Certification Registry. This up-to-date record provides an opportunity for employers and recruiters to verify your certification. The registry will only include the following: certification holder’s first and last name; certificate ID; certification status; country of residence. Inclusion in the registry is voluntary.

If you do not report, your certification/qualification goes inactive, and as a result, you are no longer approved to represent yourself as a certified individual nor be listed in the registry.
