President’s Message

Happy New Year!!

Many people look to New Year’s resolutions as a way to jump start their goals. Popular New Year’s resolutions include losing weight, getting in shape, quitting that bad habit, saving money, or volunteering to help others. You will find on page 2 that Garry Kornrumpf, one of our chapter’s board members, has a request for members to strongly consider volunteering as an officer for this chapter. We have had many members volunteer with small tasks in the past few years. We sincerely appreciate this effort, as it makes putting on a seminar go smoother. However, we just haven’t seen many new faces in the leadership of the chapter. I know that we have exceptional members who are thinking about getting more involved but just don’t want to make that next move. The letter from Garry explains the dire situation the chapter is facing.

So if one of your New Year’s resolutions was to volunteer to help others then the chapter can definitely help you out. According to U.S. General Services Administration, 63.4 million Americans age 16 and older volunteered in 2010. So why not help increase that number for 2011?

There are many things the chapter is looking forward to in the next few months including training on the topics of risk assessment, the Federal Reserve Bank, Generally Accepted Privacy Principles; a chapter board meeting in February; and our membership appreciation lunch and CPE opportunity.

I look forward in seeing you at these future events and hearing from anyone who is interested in stepping into a leadership position within the Central MO IIA Chapter.

Nicki Russell

Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organization’s operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

All members are encouraged to contact any Chapter officer (listed on page 3) with suggestions or comments. Contact the Secretary with articles or suggestions for the newsletter.
Letter From Board Member Garry Kornrumpf

Chapter members,

Many of us depend heavily on our chapter to deliver quality training that is vital to our professional development. I, like many of you, have often taken those opportunities for granted. We now face the reality that our chapter will not and cannot go forward without some additional help from you.

Each year the chapter plans on succession movement with members volunteering to hold offices. For the past several years, however, the leadership in our organization has not changed much because few have stepped up to take an officer role.

We faced the dilemma of our chapter folding several times in the past, most recently about eight years ago, when Diana Tebo volunteered to take over as president. Our chapter is on this brink again. We need you to help us out by volunteering as an officer. The chapter currently has the VP of Programs position open and the President position will be open starting on June 1, 2011. You will receive ample support from existing officers and board members.

Allow me to state the benefits for serving as an officer. Your networking will increase immediately. You will build leadership skills as you collaborate with others to build and maintain a successful organization. Your resume will include an extra consideration that may be THE difference in a hiring decision. If the above does not work, then how about bribery? The chapter provides an all expense paid trip to IIA’s annual national leadership conference in Orlando, FL every spring and officers can also attend chapter CPE events at no cost. Note for the past several years and for at least the next 2 years, the conference is held at Disney World.

IIA membership allows a network of professionals, opportunities to advance your career, professional guidance, and leadership development. On a local level, membership provides lasting connections, an opportunity to share information, support one another and create mutually beneficial alliances. Allow me to state the benefits the chapter serves to its members.

- Since June 1, 2010:
  - 18 hours of CPE has been offered to members.
  - 7 CPE hours have been free to members.
  - The average cost for each CPE hour is $5.
  - The chapter provided opportunities for 2 members to attend the 3-day Reid Interview and Interrogation Seminar and the IIA Regional Conference in Kansas City, MO.
  - Awarded 2 members one free chapter seminar for passing an IIA recognized exam.
- During FYE May 31, 2010 (June 1, 2009 to May 31, 2010), the chapter:
  - Offered 47 hours of CPE to members.
  - Published 8 newsletters.
  - Sent one officer to IIA Leadership Conference.
  - Awarded 7 members one free chapter seminar for passing an IIA recognized exam.

If the chapter does not receive volunteers to fill our open officer positions by March 15, 2011, I plan to recommend to the Board at the summer 2011 Board Meeting we begin the process of officially closing our chapter. The alternative is more work for the fewer officers we have left, and I think that is asking too much from them. Hopefully, you will team up and prevent this from happening!

Please contact one of the current officers if you are interested in becoming an officer. The officer contact information is listed on page 3 of our newsletter. The next board meeting will be on February 16, 2011, following the chapter training. The main topic of discussion will be succession planning. I invite you to attend this meeting and to find out what we need to sustain our chapter. I promise we will not bend your arm but will welcome your inquiries and suggestions. (OK, maybe bend but not break).

Regards, Garry Kornrumpf, Board Member
Practical Risk Assessment

CPE: 4 Hours CPE

Topic: Practical Risk Assessment

Speakers: Barb Schaffert, Kurt Manske, & Melissa Ryan, Grant Thornton

Date & Time:
Wednesday, February 16
10:30 am to 3:15 pm
(lunch served at noon)
