Spring Is Here!!!
As we continue the Chapter Year, we remain committed to our pledge to YOU. We have the pleasure of welcoming Dave Yost, Auditor of State, to our May training to discuss Audit Awareness Month. He will also provide insight into his teams work in the community and will read the Chapter’s Proclamation. We also are planning a night out with the Columbus Crew at the Mapfre Stadium on May 6th starting at 7:30 pm. Be sure to register quickly as the suite will only hold 30 members. The link to register for these events is shown below.

Our new slate of Officers and Board of Governors have been decided and they are working together to identify the optimum training topics, ways to advance the Internal Audit profession and new ways to fulfill our member’s needs in the coming months. We are looking forward to working with the newly endorsed officers and will ensure a seamless transition for the upcoming year.

In the next few weeks, be on the lookout for an engagement survey. Also, please be sure to check out all of the exciting events and training opportunities that we have planned on our chapter website: https://chapters.theiia.org/central-ohio/Events/Pages/default.aspx.

Continue to reach out and let me know your ideas and thoughts on how we are doing and what we can do better!

We hope to see you at one of our upcoming events!

May is Internal Audit Awareness Month

The Institute of Internal Auditors (IIA) encourages members, chapters, and Institutes around the world to actively promote internal auditing’s value during International Internal Audit Awareness Month each May and year-round.

The IIA's Building Awareness Toolkit offers creative ideas and tips, sample programs, videos, tools, and templates to help raise awareness and showcase the internal audit profession to audit customers, executive management, and boards of directors, as well as to students and others in the business community. Download the toolkit today!

Remember to also promote the profession on your favorite social media channels. Check out the IIA Facebook page to see photos of what others are doing to celebrate International Internal Audit Awareness Month, and join in the conversation on Twitter at #IIAMay and #CentralOhioIIAMay. We'll share some photos posted with the hashtag #CentralOhioIIAMay in the May/June Spreadsheet issue. Show your Internal Audit Pride!

CHAPTER ACHIEVEMENT PROGRAM UPDATE

The COIIA currently holds Platinum status in the IIA’s Chapter Achievement Program (CAP). A chapter must earn the minimum CAP points in the “Service to Members”, “Service to Profession”, and “Chapter Administration” to qualify for an achievement level. Then, 685 points = Bronze; 1,060 points = Silver; 1,560 = Gold. Chapters receiving Gold 10 of 11 years are Platinum.

How can you help our chapter earn CAP points? 1) Attend COIIA programs; 2) Earn an IIA certification; 3) Recruit new members; 4) Tell us about your speaking engagements; 5) Submit internal audit-related articles for publication to “Internal Auditor” magazine; and 6) Provide an internal audit internship at your company for students. Every points helps us reach our goal of Gold point level (1,560).
Congratulations To Our New CIAs!

Kay Salomon, CIA
Andrew Cook, CIA

The CIA is the only globally accepted designation for internal auditors and the standard by which individuals demonstrate their professionalism in internal auditing. Moreover, earning the CIA designation is more than just proof of what you know and what you’ve achieved — it’s the best way for auditing professionals to communicate to the world that they are prepared to meet today’s challenges.

Earning the CIA designation is a valuable accomplishment and a professional advantage for auditors at all stages of their careers, including chief audit executives, audit managers, audit staff, and risk management staff, as well as students enrolled in an accounting or other business or financial degree program.

Congratulations To Our New CFSA!

William Campbell, CFSA

The CFSA is a valued specialty certification for audit professionals working in banking institutions, thrift/savings and loan organizations, credit unions, insurance companies, security and commodity services, holding and investment companies, credit agencies, financial services regulatory agencies, and other financial services organizations. If your goal is to continue to grow as a financial services audit professional and demonstrate the breadth of your financial services knowledge, the CFSA designation is for you.
