The Institute of Internal Auditors

The mission of the Institute of Internal Auditors is to provide dynamic leadership for the global profession of internal auditing.

Chicago Chapter History

The Chicago Chapter was formed June 29, 1943, and was the third Chapter recognized (following New York and Detroit). From its initial membership of 47, the Chapter has grown to more than 2,000 members, making it the third largest US Chapter in terms of membership. It is organized as a non-profit entity. Its remarkable growth over the years has resulted in numerous ‘sister’ Chapters being formed to accommodate audit growth in different geographic areas within Greater Chicago. These independent Chapters include Milwaukee (1947), Chicago-West (1985), and Northwest Metro Chicago (1983).

We are always open to new ideas! If you would like to become an event speaker or have a referral, if your organization would like to help sponsor our popular events, if you are interested in becoming a member of the committee, or have a general question please email the IIA Chicago Chapter Registrar at registrar@iiachicago.org or call 312-642-4000.
In 2014, it became evident that the Chicago Chapter needed to fill a void for government auditors. Professionals from all levels of government came together to form the Government Advisory Committee with the goal of supporting auditors working within federal, state, and local governmental entities in the Chicago area.

The Committee works to:

Promote a variety of programs and events to **heighten the awareness of emerging issues** and other topics impacting internal auditors in the government sector.

Conduct and coordinate government-specific training and professional education activities to develop and hone professional skills for auditors of all levels while providing **continuing professional education (CPE)** credits at a low-cost.

Conduct and coordinate **networking opportunities** to strengthen the government auditing community, enhance individual careers, and create long-term business relationships.

The Committee has held several successful events to date including the annual “Fall into Training” seminar that provides the specialized continuing professional education credits.

We look to leverage our relationships with partner organizations to provide the best programs and events and continue to seek new partnerships relevant to our community.

Networking is an important part of our events. The events offer a fun way to learn more about our field and our peers.

The Chairperson, Kenneth A. Clow III, CIA, CRMA, CRP, CSOE, and the eleven-member committee work to serve the needs of the governmental internal audit community in Chicago.

We encourage you to seek us out at the next event or stop by our table to say hi.
