Upcoming IIA Guidance Briefing

Guidance Briefing: GTAG 16: Data Analysis Technologies

November 14, 2012
1:00 – 2:00 p.m. ET
Free to Members– 1CPE
Register Here!

While data analysis could theoretically be performed manually, it is most effective when implemented using data analysis technology. In this live online event, The IIA will explore GTAG 16: Data Analysis Technologies and how its application can go beyond the scope and activities associated with IT audits alone. The use of data analysis technology is part of the bigger technology armor that assists auditors in increasing audit coverage, performing more thorough and consistent audits, and ultimately increasing the levels of assurance that they provide their organizations.

Learning Objectives

In this GTAG and the associated online event, attendees will explore:

- Why data analysis is significant to your organization.
- How to provide assurance more efficiently with the use of data analysis technology.
- The challenges and risks faced when implementing data analysis technology.
- How to incorporate data analysis at one’s organization through adequate planning and appropriate resource structures.
- Recognition of opportunities, trends, and advantages of making use of data analysis technology.

CCCIIA CPE - Data Analytics - NOVEMBER 13, 2012

We are very fortunate to have Steven Lacoursiere presenting on the topic of data analytics for our November 13, 2012 CCCIIA CPE event!

The meeting will be held at the SC Federal Credit Union on Rivers Avenue in North Charleston. Registration and breakfast will start at 8:30 and the CPE will begin at 9:00 and will end at 11:00. Two CPE credits will be granted to all participants. Please make plans to attend! More details to follow but go ahead and block your calendars.

Please register with Myra at mbrose@santeecooper.com or myself at jason.mckinney@rsfh.com so we may coordinate the food.

Sincere thanks to Steven for speaking, Aaron Alston for coordinating this event, and Margaret and Mary for graciously hosting the event at their facility.

IIA CERTIFICATION INFORMATION

Transition Plan for 2013 CIA Exam Released

In 2013, The IIA is revising the examination required to earn the Certified Internal Auditor (CIA) designation from four parts to three parts.

Program enrollees in the process of earning the designation but who have not yet completed the exam should use The CIA Transition Planning Tool to identify their available options and design a plan of action toward obtaining their certification.

Professional Experience Recognition (PER) Provision

The CRMA Professional Experience Recognition (PER) is now open to candidates living in North America or one of the 65 countries serviced by IIA Global. Get the details.
