elcome to the 2017-2018 Chapter Year! Hope that you enjoyed your summer. I am honored to serve as your President for this chapter year as we celebrate 75 years of greatness. Our Chapter theme is to Reflect on Our Past and Celebrate Our Future.

This past year the chapter's dedicated officers and board of governors brought you monthly chapter dinner meetings with interesting topics; free valuable webinars; a Chief Audit Executive Roundtable facilitated by Doug Anderson (Managing Director of CAE Solutions at The IIA); our annual IIA/ISACA conference; half-day leadership training with Don Levonius (Principal Consultant & Master Facilitator, Victory Performance Consulting, LLC); a social event; and other great moments. Our chapter donated \$7,500 to the IIA Research Foundation and achieved Ruby chapter status.

No worries, if you missed these events, we are planning an exciting 2017-2018 chapter year with more thought provoking topics for our webinars, monthly dinner meetings and training. Our first chapter meeting will be held at the Vis-Ta-Tech Center of Schoolcraft College, in Livonia where Hans Buehler, Mercedes Benz Financial, will discuss Signature Audits. Be sure to not miss this topic and great speaker.

Our first free webinar of the year, Forensic Modern Tools presented by Bill Hickman (CSI Investigations) and Pete Mannsman (Precise Inc.) is scheduled on September 20, 2017. Webinars are a convenient method to earn CPEs.
