President's Message

Hi FW IIA Members,

Hope everyone’s holidays were fantastic!! Our January meeting was very informative and timely as cloud computing continues to increase. Our own IIA District Representative, Remi Nel did an outstanding job. Two important takeaways included tips on some items to look for when reading General Terms & Conditions from cloud service providers and some items to review in a Service Organization Control (SOC) Report.

Our February 13th, meeting will be held jointly with ISACA North Texas Chapter and will offer 3 CPE instead of the normal 2 CPE for the same price as the regular monthly lunch meetings. The meeting will start at 10:30 am and end at 2 pm. We have reserved a larger room at the Petroleum Club; but the joint meeting with ISACA has sold out in the past, so you may want to register early to ensure you have an opportunity to network with the members of the ISACA North Texas Chapter.

Our meetings and seminars are open to members and nonmembers, so if you have coworkers, staff or friends that you think could benefit from our training opportunities, please invite them.

We look forward to seeing everyone at the meeting!!!

Debbie
Meeting's and Registration

Almost all of our meetings are held at the Fort Worth Petroleum Club. It is a great downtown location. Beautiful views from the 40th floor.

We highly recommend pre-registration. Walk-ins availability may be limited.

You can register on our website. If you experience difficulty with our website, you can register directly with Lee Hagelstein at Lee.Hagelstein@arlingtontx.gov

Please visit the Petroleum club website.

CHAPTER MEETINGS

The Fort Worth Petroleum Club:

777 Main Street
40th Floor
Fort Worth
TX 76102

---
February 2018 Monthly Meeting

Monthly Meeting: 2/13/18 @ 10:30 am – 2:00 pm (Lunch will be provided)

Location: Petroleum Club - Fort Worth, TX

Presentations:

Ryan Buckner- SOC for Cybersecurity. Mr. Buckner is a Principal at Schellman & Company, LLC. Ryan currently leads Schellman’s attestation methodology and research & development process, including the firm-wide governance for SOC reporting. Ryan has been a leading advocate for the adoption of SOC reporting solutions by cloud service providers. Ryan also is an AICPA-approved and nationally listed SOC Peer Review Specialist for SOC 1 and SOC 2 examinations. Having completed over 750 service provider examinations, Mr. Buckner is one of the most experienced service auditors in the United States

Clay Risenhoover- Implementing and Auditing the Critical Security Controls. Mr. Risenhoover is the president of Risenhoover Consulting, Inc., an IT management consulting firm based in Durant, Oklahoma. Founded in 2003, RCI provides IT audit and IT management consulting services to clients in multiple sectors. Clay's past experience includes positions in software development, technical training, LAN and WAN operations, and IT management in both the private and public sector.

Joshua Stone- Verizon's Data Breach Investigation Report. Mr. Stone has more than five years of experience with risk advisory services at Whitley Penn focused on internal audit, SOX 404 engagements, SOC engagements, internal control and process consulting, and information technology consulting.

Learning Objectives:

SOC for Cybersecurity
- The objectives and purpose of the SOC for Cybersecurity Report
- The typical scope of the SOC for Cybersecurity Examination
- The required components of the SOC for Cybersecurity Report

Implementing and Auditing the Critical Security Controls
- The controls included in the current version
- The relationship between the controls and real-world threats
- Recommendations for implementing the controls
- Resources and tips for auditing the controls

Verizon’s Data Breach Investigation Report
- Threat Landscape
- Cybersecurity Due Diligence
  - Privacy Practices
  - Cybersecurity Practices and Considerations
- Cost of a Data Breach

⇒ Members-only Webinar: Preparing for the Future: What Internal Auditors Can Expect in 2018
CAP Reporting

We have achieved SILVER for 2018!! Our goal is nothing short of Gold!

Overview

Chapter Achievement Program (CAP) is a chapter benchmarking tool that provides guidelines for expected performance at the chapter level. The IIA sponsors the CAP as a way to recognize and encourage local chapters to participate in activities that promote the overall IIA and chapter objectives and membership growth. The chapter earns points by participating in activities that support its members, the profession, and the community.

IIA currently offers four levels of CAP performance. A chapter can advance from one level to the next by accumulating the points noted below:

- BRONZE – 685 CAP Points
- SILVER – 1,060 CAP Points
- GOLD – 1,560 CAP Points
- PLATINUM – Special level to recognize chapters that attain GOLD status for 10 of 11 consecutive years.

CAP points are earned for our accomplishments in three service categories:

- Service to Members
- Service to the Profession
- Chapter Administration

How can you help us reach our goal?

- Any speaking engagement on internal auditing for which CPE was awarded, date, location and number of CPE
- Submit articles to be published in the Internal Auditor (extra points for getting published!!!)
- Submit articles to be published in other professional journals
- Serve on an IIA Quality Review Team
- Submit exam questions for CIA
- Teach in Junior Achievement

These are few examples. If you have performed any of the above, please email our President, Debbie Egly at debbie.egly@fwisd.org with details.
Fund Internal Audit Research and Education

Can We Count On Your Support?

Internal audit's future is supported in two ways — knowledge and education. Research fuels deeper knowledge and understanding of emerging issues and establishing long-term solutions, while academic relations supports internal audit education to fuel a pipeline of new and stronger talent to address the emerging issues of tomorrow.

The IIA Research Foundation (IIARF) and The IIA’s Internal Auditing Academic Advancement Fund (IAAAF) were established specifically to address these ongoing and equally important initiatives.

Our charitable foundations solely exist to cultivate quality internal audit educational programs and relevant research. Our work is only made possible through generous contributions and investments in the future of the profession.

Pulse of Internal Audit

Since 2009, The IIA’s Audit Executive Center has conducted annual Pulse of Internal Audit surveys to assess the state of the internal audit profession and identify trends and emerging issues in the profession and with its stakeholders.

Courageous Leadership: Instilling Confidence from Within
Publication date: March 2017

The 2017 North American Pulse of Internal Audit report from The IIA’s Audit Executive Center urges deeper examination of four often-overlooked risk areas and shows how strong leadership can instill self-confidence in internal auditors, boost management and the board’s confidence in the internal audit function, and heighten stakeholder confidence in the organization overall.

Unlock Your Door to Opportunity:

CIA Designation

The Certified Internal Auditor (CIA) designation is the only globally accepted certification for internal auditors and remains the standard by which individuals demonstrate their competency and professionalism in the internal auditing field.

If you decided to open the door to this professional opportunity, the Fort Worth Chapter can help.

The IIA’s CIA Learning System® is an interactive Certified Internal Auditor® (CIA®) review program combining reading materials and online study tools with optional facilitator-led courses to teach and reinforce the entire global CIA exam syllabus in a flexible, on-demand format.

CIA Program at Rice University

Rice University partners with the Institute of Internal Auditors to offer a three-part live, instructor-led online Certified Internal Auditor® (CIA®) program taught by Vicki McIndoe at www.glasscock.rice.edu/cia

Our expert instructor will deliver live, scheduled lectures via the Internet, covering the global CIA exam syllabus and materials included in the IIA’s CIA Learning System™. Earning the CIA designation is more than just proof of what you know and what you have achieved — it’s the best way for auditing professionals to communicate to the world that they are prepared to meet today’s challenges.
CONGRATULATIONS to our newly certified members! All your hard work has paid off!

Student Memberships

Students remember that you get 2 free monthly meetings when you join the IIA as a member of the Fort Worth chapter. You pay only $35 to join the IIA as a student, then the Fort Worth chapter pays for you to attend 2 monthly meetings. Net cost for your membership to you becomes just $5!!! For $35 you mingle with potential employers, get more connected with the Internal Auditing profession, and get 2 great meals for which our professional members pay $35 each. After you have had your 2 free meals, future meetings cost you only $15. Sign up today at www.theiia.org!!!

Member Profiles

Be sure to update your personal profile with IIA headquarters. We plan to offer some new features this year that you will want to take full advantage of, and the only way to do that is to ensure your contact information is correct with headquarters.

Calling all CAE’s

If you are a CAE and haven’t been contacted about attending our CAE meetings, please contact Michelle Atkins, matkins@JPSHealth.org, our CAE Chair. As a CAE, you have proven your ability to lead; come join us and help lead our chapter into a bright future!
Continuing Professional Education (CPE) and Continuing Professional Development (CPD) Requirements

NEW! In 2018, two of your CPE/CPD credits must be earned in Ethics. While this is not a requirement for 2017, we recommend you begin planning now. Learn more. The IIA currently provides Ethics for Internal Auditors, an OnDemand course that can help you obtain these CPE. The IIA will be adding additional ethics training options throughout 2018 and beyond.

Internal Audit 2017 Compensation Study

The Results are In!

The IIA's Internal Audit Compensation Study is the most comprehensive analysis available on the compensation of internal audit professionals. Referenced by internal audit leaders and practitioners, human resources departments, and audit committees, provides internal audit salary and pay practices of organizations across industries in the United States and the study dreads of or-Canada.
