President's Message

Dear Members and Friends:

May is Internal Audit Awareness Month! Along with all other IIA chapters, members, and institutes, let's continue to promote internal auditing's value. Be proud of the successes you've contributed to your organizations. To continue to strengthen our profession, we are excited to be one of the seven SoCal Chapters hosting the 2017 Western Regional Conference (WRC) on June 6 through 9, 2017 at the Anaheim Marriott in Anaheim, CA.

At the WRC, earn 18 CPE credits during 36 general and concurrent sessions focused on core competencies, general audit practices including new information on audit activities and industry hot topics. Select a full day or half day pre-conference workshop and IIA's CIA Learning System Exam Preparation Course and earn more CPEs!

WRC gives all professionals the opportunity to not only learn but knowledge share and network with your fellow colleagues. See you all there!
