From the President

My fellow members,

I would like to thank each and every member for being a part of the IIA Memphis Chapter. During the month of May, please take time to celebrate IIA Awareness Month. Internal audit professionals help to protect and preserve the standards of the companies they work for on a daily basis. It is very important to “Shout it Out” that you are proud to be internal auditors!

During the summer, IIA Memphis leadership will be working hard to develop new and innovative ways to bring you professional training opportunities that will assist with your training needs. IIA Memphis will be sending out a survey to all chapter members in order to get member feedback. During the upcoming year, IIA Memphis will strive to help increase the number of certified internal auditors in our chapter and provide quality training for all event attendees. Please remember to register for the June 18th training event and soar into the summer!

Respectful regards,

Valerie J. Annang
IIA Memphis-President
ANNOUNCEMENTS

CCMS Conversion Requires Email Address Update

The launch of the new Certification Candidate Management System (CCMS) is quickly approaching. Prepare for the conversion by accessing your CCMS profile to verify or update your primary email address so you can easily access the system after the launch.

Update your profile today.

New! Practice Guide on Assessing the Risk Management Process

The IIA’s newest practice guide discusses how to evaluate and contribute to the improvement of risk management processes. It covers ways to communicate assurance and insight to management and the board on effectiveness, maturity level, and related issues and challenges.

Get your copy here.

May is International Internal Audit Awareness Month

Celebrate International Internal Audit Awareness Month and promote the profession by:

⇒ Hosting a workplace celebration.
⇒ Bringing in sweet treats and handing them out with an educational flyer on internal auditing.
⇒ Conducting a lunch and learn with people who work in your organization.
⇒ Celebrating those who have recently achieved an IIA professional certification.

Did you know?.........The Institute of Internal Auditors was established in 1941.
In 2014, IIA President and CEO Richard F. Chambers shared what he believed were the most important lessons from almost 40 years as an internal audit professional. In this thoughtfully revisited version, *The Speed of Risk: Lessons Learned on the Audit Trail, 2nd Edition*, the reader gets to take a second look at a first-hand account of how experience can drive us from hindsight to insight to foresight. Chambers offers a fresh perspective and insightful illustrations that bring to life timely new lessons.

Please visit the IIA Bookstore to purchase *The Speed of Risk: Lessons Learned on the Audit Trail, 2nd Edition*. IIA members can log in to take advantage of their member discount.

The IIA Memphis Chapter was recently recognized as a chapter of excellence for 2019. The Chapter of Excellence program was developed to recognize chapters for their belief in quality education and support of the Certified Internal Auditor designation, specifically through the IIA's CIA Learning System program.
