Tennessee State Board of Accountancy Rule 0020-05-.03(b) requires all active license holders to earn two hours of Board approved state specific ethics during each CPE reporting period. Effective January 1, 2018, there is only one version of this course approved by the Tennessee State Board of Accountancy available for licenses to complete. The Board has partnered with the Tennessee Society of CPAs to help ensure that the most current and accurate state specific ethics content is included in the course material. Perry Glen Moore, CPA, has licensed this material from the TSCPA. The hours earned to fulfill the Tennessee ethics requirement can be submitted to fulfill the new IIA ethics requirement.
