January 12th Luncheon Was a Touchdown!
A feast was enjoyed by all at our January IIA/ACFE luncheon at Golden Corral. Frank Higginbothom of the Escambia County Sheriff's Office provided a great presentation entitled “Hiring Aunt Millie”, about the dangers of relying on trust rather than controls. The event brought 22 attendees, with very favorable feedback. If you aren’t attending our luncheons, you are missing out!

Make Plans to Attend the February 9 Lunch Meeting
Our next event is a joint IIA/ACFE luncheon at Northwest Florida State College in Niceville. This is an impressive facility and the Chapter always enjoys the events held there. Cory Ocker, Cybersecurity Engineer with the Department of Defense, will deliver a talk on “Cybersecurity - Risk Management Framework”, a timely topic for all. We will meet at the Student Services Center, Room 130. No cost. See attached flyer for details.
