I hope each of you had a great summer and were able to enjoy some time off!

Thank you all for joining us at the July Luncheon on the HR Perspective of Medical Marijuana. It was a successful event with 52 attendees! The session was outside our typical audit topics, but definitely a subject in the news lately that can apply to each of our organizations in one way or another.

We have some more exciting sessions coming up, make sure and mark your calendar! We are fortunate to partner with the Kansas City IIA Chapter and bring in Danny Goldberg with Gold SRD, for a luncheon on November 8th. By partnering with another IIA Chapter, we are able to bring in a National speaker at a reduced rate by sharing the travel expense of the speaker with the other Chapter. Also, Dr. Heitger from MSU will be presenting to the Chapter on December 5th regarding Forensic Accounting.

The Membership Committee is planning for our next Members-Only event on December 12th at Andy B’s. The purpose of these events is to promote membership involvement and networking. We encourage each of you to attend and get involved with others within the Chapter.

As previously mentioned, the Board is exploring new venue locations. If you have any suggestions for future venues, please email me or add it to the event survey at the next event you are able to attend.

If you are not a member of the IIA, I would like to encourage you to join as there are several membership benefits. If you have any questions about joining, please reach out to Terry Griot, Membership Chair, or myself thru the Chapter’s email account Chapter232@iia chapters.org.

I want to thank all of you for supporting the Ozarks Chapter and the Board and volunteers for making our Chapter a success.

Thank you,

Sharon Eagleburger
Ozarks IIA President
Are you preparing for the Certified Internal Auditor® (CIA®) exam? Do you prefer interactive instructor-led training, but haven't found the right course or the time in your schedule? Check out The IIA’s CIA Learning System® by clicking the image below.
