Out with the Old in with the New!
The IIA has renamed the Gain Survey to Audit Intelligence Suite Benchmark Survey.

Audit Intelligence Suite
Benchmarking Report | Skills Assessment | Stakeholder Survey | Employee Compensation Report | Research Request

As an exclusive product developed by The IIA, the Audit Intelligence Suite was designed with internal auditors in mind. The suite of services features stakeholder surveys, individual and team skills assessments, and benchmarking capabilities — offered a la carte or bundled. When a team of internal audit business intelligence experts set out to create the Audit Intelligence Suite, Powered by the AEC, they wanted to provide a premium solution that is:

1. Smart – provide valuable information.
2. Sensible – ensure information is actionable.
3. Simple – package the suite of products in one place.

Benchmark your audit activity, assess your team, and survey your key stakeholders. Once you know the results, you will be in a better position to improve your audit activity.

Getting Started
Learn how to access the Audit Intelligence Suite system and get additional information and instructions.

Please see the following two pages for more details!

Benchmarking Report
One of the easiest, most efficient, and cost-effective ways to benchmark your audit department. Compare by audit staff size, revenue range, industry, or apply other filter criteria YOU choose. Get the data you need to support more effective decision making.

Skills Assessment
The best way to arrive at success is to assess. This comprehensive, competencies-based tool can evaluate professional strengths and development needs of individuals or entire teams. The results allow you to easily see where knowledge gaps are in your internal audit department team or by each individual staff member.

Stakeholder Survey
If you don’t ask, you won’t know the answers. A vital role of a CAE is to manage expectations — those of their stakeholder groups, as well as their internal audit teams. To identify opportunities for improvement, internal audit leaders must stay abreast of changing perceptions and expectations.
OVERVIEW
An exclusive product developed by The IIA, the Audit Intelligence Suite (AIS) was designed with internal auditors in mind. The suite of services features stakeholder surveys, individual and team skills assessments, and benchmarking capabilities — offered a la carte or bundled. BENCHMARKING
The benchmarking report allows you to assess your internal audit department easily, affordably, and transparently. You can compare your audit department’s size, experience, and other metrics against the averages of similar organizations in peer groups that you choose (from among 17 categories containing a total of 689 metrics).

The skills assessment allows you to evaluate the expertise and opportunities for improvement of your internal audit department team or individual staff members. The results allow you to easily see where knowledge gaps are in your internal audit department team or by each individual staff member.

The On-site Training team provides flexible and cost-effective training that’s customized to your team. Using the results of your AIS Skills Assessment Report, your group training consultant can deliver a training program based on your organization’s priorities and the needs of your staff.

#### LEARN MORE ABOUT THE AUDIT EXECUTIVE CENTER

The IIA’s Audit Executive Center® (AEC) is the essential resource to empower chief audit executives (CAEs) to be more successful. The Center’s suite of information, products, and services enables leaders to respond to the unique challenges and emerging risks of the profession. To learn more, visit www.theiia.org/AEC.
The Advocacy Committee is pleased (and excited) to share that **Duquesne University has been accepted into the Internal Audit Education Program (IAEP)**! Duquesne University is the first school in our Pittsburgh Chapter and in Pennsylvania to be recognized by the Institute of Internal Auditors (IIA) for their commitment to the internal audit profession and meeting certain requirements, including offering classes specific to Internal Audit. A special gratitude to Val Williams, Board of Governors 2nd Vice President and Advocacy Committee Member for her passion and dedication to meet this great achievement.

Under LaDawn Yesho’s, Advocacy Committee Chairperson, leadership, the IIA Pittsburgh Advocacy Committee formed a local IAEP Advisory Board consisting of professionals from Pittsburgh companies and local colleges and universities to support schools such as Duquesne University to heighten the stature of a career in internal auditing, including internal auditing as part of the curriculum and moving the profession forward.

IAEP Advisory Board Members are expected to be involved in the following:

- To review the colleges and universities’ applications to determine that they meet the eligibility requirements and the criteria established by the IIA related to the program quality, continuity and sustainability;
- To be an ambassador and promote the internal audit profession;
- To be a guest speaker at colleges and universities to supplement the classroom instruction;
- To provide suggestions to enhance Internal Audit curriculum, including insights and perspectives from industry (“current real world” examples); and To be a resource and assist with internship opportunities and job placement of IAEP students.

The IIA Advocacy Committee, in our continued efforts to promote internal audit at local universities, has developed an Advocacy Brochure which describes our committee, the various activities we the advocacy committee offer to college students and the internal auditing education partnership. The brochure was recently sent to audit executives based upon the most recent IIA Pittsburgh chapter membership listing.

If you did not receive one, please feel free to contact Nicole Saldamarco at iiapittsburghchapter@gmail.com. And she will send a brochure to you.

In conjunction with the mailing of the brochure, we also recently sent a Survey Monkey request to local internal audit executives with a 10 question survey. The survey was sent by Giles Kerley from TMS International. The survey was developed by our advocacy committee to understand your entity’s needs and/or hiring practices for college interns and/or college graduates. Once we include the information for all respondents into a database, we can better promote the internal audit profession at universities by proving there are jobs available to college students.

If you are an internal audit executive and have not received a survey or brochure, your current information may not be available on the IIA’s directory and/or you may have requested not to be contacted. If you do wish to participate in the survey, please feel free to contact Nicole Saldamarco at iiapittsburghchapter@gmail.com and she can provide a survey.

As always, we are also looking for volunteers who are willing to speak about internal audit at colleges. We currently do not have any scheduled visits for 2019-2020 school year, however, we work closely with Point Park University, Indiana University of Pennsylvania, Duquesne University, Clarion, Carlow, Saint Vincent, Slippery Rock, Robert Morris and the University of Pittsburgh and do plan to assist the accounting associations with speakers.

If you have an interest, contact any us at iiapittsburghchapter@gmail.com.
