Upcoming Luncheon Meeting

In today’s rapidly changing regulatory environment, it is critically important that the Compliance and Internal Audit functions work together as a team to help their organizations manage risk. Regulatory violations and compliance risks can have huge financial and reputational impacts. No organization wants to be on the front page of the Wall Street Journal because of regulatory or compliance violations. Join compliance and internal audit professionals from Alcoa and Federated Investors for a discussion of the role of their respective groups. Learn how the compliance function monitors regulatory changes and emerging compliance risks and works with business unit personnel to develop and implement policies and procedures to help ensure compliance with regulations. Understand the components of an effective compliance monitoring and testing program and the assurance role that Internal Audit has regarding the design of a compliance program and the effectiveness of compliance controls. Finally, learn how these functions successfully coordinate their efforts to benefit their organizations.

Speaker Bios:

Julie A. Caponi, Vice President - Internal Audit, Alcoa
Ms. Caponi was elected Vice President, Internal Audit for Alcoa in April 2005. She is accountable for Alcoa’s auditing activities in its worldwide operations. Prior to assuming this post, she was Director, Financial Planning & Analysis for the corporation. Ms. Caponi joined Alcoa in 2000 and shortly thereafter was named Assistant Controller and an officer of the company. During her time with Alcoa, she has been responsible for establishing and maintaining financial accounting policies, overseeing the consolidation of Alcoa’s financial results, and leading the company’s initiatives related to the Sarbanes-Oxley Act. Ms. Caponi is a Certified Public Accountant and is a member of the American Institute of Certified Public Accountants and the Pennsylvania Institute of CPAs. She currently is a member of the board of directors and serves on the Audit Committee of First Commonwealth Bank.

Judith L. Nocito, Assistant General Counsel and Director of Global Compliance, Alcoa
Ms. Nocito joined Alcoa in 1979 as an attorney in the Corporate Legal Department in Pittsburgh. In 2001 she became senior counsel, and in 2002 she was elected assistant secretary of the company. In November 2003 she was elected corporate secretary, a position she held until January 2005, when she was elected assistant general counsel. In 2009, Ms. Nocito was named Director, Global Compliance, working with the businesses and resource units to ensure that all aspects of the Company’s operations, administration and business practices are in compliance with applicable laws, rules and regulations, and that they are consistent with the Company’s Values and Business Conduct policies. Prior to joining Alcoa, Ms. Nocito worked in a judicial clerkship for the Pennsylvania Superior Court for two years.
Speaker Bios, Cont.

Richard H. Briner, Assistant Vice President and Compliance Officer, Federated Investors

James R. Risbon, Vice President and Director, Internal Controls, Federated Investors
Mr. Risbon is responsible for coordinating the annual SOX 404 evaluation of internal controls on behalf of management. He is responsible for helping ensure Internal Audit efforts are directed to the areas of highest risk. Mr. Risbon is also responsible for professional practices and performs a variety of administration functions and special projects. Mr. Risben is a graduate of Penn State University where he received a BS in Business Administration with a concentration in Accounting. Mr. Risbon is a Certified Public Accountant and Certified Internal Auditor. He is a member of the AICPA and the Institute of Internal Auditors (IIA). Mr. Risbon is a past President of the Pittsburgh Chapter of the IIA and served on the Chapter’s Board of Governors for a number of years. He co-chaired the IIA’s 2011 Pittsburgh Central Regional Conference and now serves the profession nationally as a member of the IIA’s Regional Conference Committee. Mr. Risbon is also a member of the Investment Company Institute’s Internal Audit Advisory Committee.

We want YOU... to join our Chapter’s Speakers Bureau!

The Pittsburgh Chapter of the IIA is planning to create a Speakers Bureau, and we’re looking for information to build our database! If you are an experienced speaker or have expertise in a certain topic area and would be willing to present to a local organization, please contact us so we can add you to our list of local speakers. Once information is gathered, the speaker database will be published on the Chapter website and shared with the membership for use in planning their internal training and team-building events. Participating in the Speakers Bureau is a great opportunity to share your expertise and experiences with other local organizations, and network with other Chapter members.

The goal of the Speakers Bureau will be to provide speakers – at no cost – to academic, public, and private organizations interested in learning about internal auditing, internal controls, and risk. Some examples of topics include Auditing as a Career, Business Ethics, Internal Controls / SOX, Risk Assessment, and General IT Controls; but there are many different topics of interest to organizations in our area, so please feel free to indicate any particular skill-sets, experiences or areas of expertise. We are looking for IIA members that have the desire and ability to speak to various groups in the aforementioned topics. If you are interested in being included in this database please contact Rob Hoffman at 412-433-2232 or rehoffman@uss.com.

Our Chapter’s Programming Committee works very hard to provide our members with affordable and effective CPE sessions and networking opportunities. Please note that the information above is subject to change.

Know of a great speaker?
The programming committee is always looking for new and exciting speakers for our local seminars, workshops and monthly meetings. If you have any recommendations or comments regarding topics, speakers or venues, please contact the Programming Chair, Aaron Mitcham at mitchama@duq.edu or one of the Programming Committee members: Colin Powell at cpowell@paf-resources.com, Teresa van der Lee at Teresa.vanderLee@giant eagle.com, or Jonathan Bentrim at Jonathan.Bentrim@fhlb-pgh.com.
Dear Pittsburgh Chapter Members,

Our chapter year is winding down, but we do have a lot going on to end this great year on a high note! First of all, a very BIG THANK YOU to our Past President, Nicole Saldamarco, for the very informative and very interactive presentation regarding best practices to “Holding up the Standards”. Also, thank you to everyone in attendance that contributed to the conversations and congrats to all that won a Gift Card. I am sure everyone was able to take at least a few best practices to their organization and will be able to successfully pass a Quality Assurance Review now!!

LAST CALL! LAST CALL MEMBERS ONLY! Be sure to sign up for April’s monthly meeting. For each meeting you attended since September 2012, your name will be entered into the drawing to receive your registration fees paid to an IIA Regional conference (or equivalent). The April meeting also counts! This is one way the Pittsburgh chapter would like to give back to its membership! We will hold the drawing “live” at the April 8th meeting!!

Our chapter is going for the GOLD! That is, we are striving to reach GOLD status for the IIA’s Chapter Achievement Program (CAP). Please help us reach GOLD! We will be sending out a very brief, but important survey regarding various activities related to your involvement with the Internal Audit profession. Please complete the survey. We will also be issuing a Gold prize (Gift Card) to one lucky participant, as our way to say thanks! Thanks in advance for your participation!

CALLING ALL Internal Audit CAE’s/Directors!! We are proud to report that our chapter just sponsored a CAE/Director Roundtable in February. We would like to include more chapter CAE’s & Director’s in the next Roundtable that is scheduled for the Fall. Please email me if you are a CAE/Director interested in attending to discuss current IA issues, best practices, etc.

Last, but not least...please be sure to check out the Programming schedule that includes great topics & events for the last couple of months of the chapter year. And, don’t forget to sign up for the Pirate Game. Everyone that buys a ticket through the IIA will be able to go on the field before the game for a group photo!! All deadlines are quickly approaching!

Hope to see you soon!

PPG Industries is a global supplier of paints, coatings, optical products, specialty materials, chemicals, glass and fiber glass. Coatings products manufactured by PPG protect airplanes, golf balls, circuit boards, packaging, appliances, flooring, automobiles, bridges and buildings. PPG’s optical and specialty materials go into high-performance eyewear lenses as well as applications ranging from electronic passports to “green” car tires. Windows in houses and office towers, and windshields in aircraft, use PPG glass.

Headquartered in Pittsburgh, PA, PPG is a global company with a broad international presence in more than 60 countries around the world. PPG, founded in 1883 as the Pittsburgh Plate Glass Company, was built by focusing on innovation and quality and more than 125 years later PPG is still dedicated to these priorities.

PPG’s Corporate Audit Services (CAS) department is currently seeking an enthusiastic and motivated individual to join our Pittsburgh based team as a Staff or Senior Information Technology Auditor. A PPG IT internal auditor will gain vast knowledge of PPG’s overall IT environment while leading audit engagements, which are generally conducted independently, but may also include a team approach with other internal or external auditors. PPG’s CAS leverages the unique opportunities and experiences gained in audit to re-deploy our audit staff to other roles within the company.

**Job Responsibilities:**

- Apply IT general controls concepts and auditing theories, procedures, and techniques to various applications, platforms, databases or operating system environments.
- Develop risk-based audit programs, which may involve research of technical vulnerabilities of a particular technology, and define scope with support of management team.
- Lead Sarbanes Oxley and General IT audits to identify and assess the adequacy of internal controls.
- Extract and compile data for audit testing using standard software such as Microsoft Access, Excel, or preferably ACL audit software.
- Communicate audit results and recommendations to PPG IT Management, up to and including the CIO.
- Participate with PPG IT and Audit Management in the development of the annual IT audit plan and the corporate-wide IT risk assessment process.
- Provide consulting services to the IT organization on risk and control concerns.
- Support management to initiate ongoing process improvement initiatives.
- Support the Data Analytics process by acquiring and analyzing data through primary ERP systems in support of Financial / IT audit engagements. (~ 15% of time)

**Job Qualifications:**

- Bachelor’s Degree in Information Systems, Business Administration or equivalent with 3-5 years of IT auditing experience.
- Certifications (CISA, CPA, CIA) are preferred.
- Must understand and know how to apply IT audit theories, procedures, and techniques.
- A high standard of professional judgment is required to reach conclusions that provide PPG leadership with valuable insight on significant issues of internal control.
- Strong analytical, written and verbal communication and interpersonal skills are required. Technical issues will need to be translated in a meaningful way to the highest levels of management.
- Willingness to travel both domestic and international. Expected travel 25%.

PPG depends every day upon a spectrum of individuals to deliver the highest quality products and services to our customers. We’re looking for results-oriented, innovative people—such as you—who welcome the opportunity to make a difference every day. We are committed to providing a fulfilling workplace for our employees, creating an environment for continuous learning and embracing the ideas and diversity of others.
