And just like that it is September! It’s a new month and new, Portland Fire (Sep 1) season starts, and Portland Pride (Sep 5-9) looms in the distance. Portland Fire (Sep 1): Yes, it’s fire. Passed unanimously by the United States in November 1978. September provides so many things for all industries to connect with Portland above all other different attributes and it continues to build a Culture of Change. For us, the message of good governance hands is best communicated in the form of an event and our 2019 Spring Conference – “Cryptocurrencies and White Collar Crime” will be no exception. The IIA Portland Chapter is proud to announce our speaker Chris Venuto, a Forensic Accountant with the FBI, will give an introduction to cryptocurrencies and their current state. He will also provide an in-depth discussion on the IRS and on the ever-changing legal and regulatory implications for cryptocurrencies.

Lightening talks for this event should have a correlation to audit. Attendees will receive 1 CPE credit and light refreshments will be served.
