From the Desk of the President:

Greetings! We updated the format of our newsletter to highlight the most important information and opportunities for you. Use the links throughout in this newsletter to get more information and contact us.

So far this year, our chapter has hosted several valuable trainings, including breakfast and luncheon meetings, data analytics trainings, and CAE Roundtables. We have promoted our profession to students at events at USD and CSUSM, and we have helped members prepare for the CIA exam by holding the CIA study groups.

Some of our other successes this year have been being awarded the IIA’s Certification Grant, migrating key business functions onto Smartsheets where we automated business process and created a document repository so volunteers can easily store and access key documents, and starting the development of a master chapter mailing list.

These accomplishments would not be possible without our many volunteers, speakers, sponsors, and business partners whose support allows us to promote the value we add to our businesses, communities, and each other as Internal Auditors.

I would like to thank Sharp Healthcare, ResMed, San Diego Workforce Partnership for hosting events last quarter’s events. A special thanks to Savya Solutions and Donnelly Financial Solutions for partnering with us (and sponsoring the refreshments) for our September meeting.

We are looking forward to seeing you at our final training of the year held on December 11 at the Handlery Hotel. As you and your family prepare for the upcoming holiday season, we hope you will join us in giving back to our community and bring donations for our Holiday Food Drive. Click HERE for more information about the event.

Wishing you and your family Happy Holidays!
