Dear IIA - San Diego Chapter Members,

Welcome to the 2018-19 IIA – San Diego Chapter Year!

Congrats to all for achieving “Gold” status this past year! We are on our way to earning “Platinum” status, which represents several years of meeting the IIA’s Chapter standards! The Chapter Board Members and Officers are committed in making this another great year for the Chapter by finding new ways to serve our members and the profession.

We are exciting to be involved in two significant events for the history of the San Diego Chapter and the Southern California District. The Chapter will be celebrating its 65th anniversary and the IIA International Conference will be held in Anaheim, California in July 2019. For the 65th anniversary, the Chapter will be hosting a dinner cruise in April 2019. Stay tuned and visit our website for more details. Please contact us to learn about sponsorship opportunities. We encourage you all to attend these incredible events!

We are working diligently on this year’s event program and recruiting excellent speakers to present innovative topics of interest to our members. This past summer, we held our quarterly CAE Roundtable. In November, we hope you will join us for the quarterly Data Analytic Roundtable. This year’s event program includes engaging with our CAEs, social events for networking, and training opportunities. Check our newsletter, LinkedIn and/or website to learn about upcoming events and trainings.

Chapter Achievement Program (CAP) Information Section

Congratulations to the IIA San Diego Chapter for Achieving **GOLD** Status for the 2017/2018 Chapter Year! The Chapter is well on its way to achieving **PLATINUM** Status.

The program, referred to as CAP, requires each chapter to tally the different activities in which its members participate that promote the IIA. For example, achievement points may be earned for presentations given by Chapter members or for the number of participants that attend a sponsored or cosponsored IIA Chapter event. The CAP program is the IIA’s Business Score Card used to monitor and recognize the activities of the local chapters that promote the strategic objectives of the IIA.

Throughout the year, the achievement program monitors and scores each chapter’s participation in the following three service categories:

- Service to Members
- Service to the Profession
- Chapter Administration

At the end of the year, CAP evaluates the success of each chapter’s efforts through use of four performance level classifications:

- **BRONZE**: 685 achievement credits
- **SILVER**: 1,060 achievement credits
- **GOLD**: 1,560 achievement credits
- **PLATINUM**: a chapter achieving GOLD status 10 of 11 years

In order to become the top scorer, compared to larger chapters in the United States, we need your assistance in tracking the CAP points we have earned.

The CAP section of our newsletter serves to provide an awareness of member activities that promote the profession and/or membership for which we can receive CAP points. Each month we will highlight the types of activities that can earn us points as well as provide an update on our progress!

If you are aware of chapter membership activities that will earn us CAP points or have any questions regarding the CAP program, please contact Laura Flores at iiasdchapter@gmail.com

If you have presented any materials that resulted in the award of CPE, have published any articles or have any other activities that you believe may qualify for CAP points, please let us know and we will be more than happy to work through the detail.
Chapter Achievement Program (CAP) Information Section

More information on what a member can do to earn CAP points for the chapter:

- Attend the monthly chapter meetings;
- Attend chapter sponsored seminars;
- Utilize the chapter sponsored Certified Internal Auditor (CIA) review course;
- Earn an IIA certification;
- Develop questions for the CIA exam;
- Recruit new members;
- Present speeches or training sessions;
- Write internal audit-related articles for publication;
- Provide an internal audit internship at your company for a student; and
- Come up with an innovative way to promote the chapter

So, it's easy to contribute and it doesn't take too much of an effort.

Again, if you are aware of chapter membership activities that will earn us CAP points or have any questions regarding the CAP program, please contact Laura Flores at iiasdchapter@gmail.com

CIA Exam Changes

Why?
To ensure the material within all three parts of the CIA exam stays current and valid, the CIA underwent a global job analysis study to determine the knowledge, skills, and abilities most applicable to today’s internal audit practitioners. The study results indicated the need to revise the exam syllabi to reflect the evolution of the internal audit profession worldwide.

How?
- Three exam parts are balanced, clear, and uniform.
- Minimal duplication and overlap among exam parts.
- Aligned with The IIA’s *International Standards for the Professional Practice of Internal Auditing*.
- Up-to-date with the current global practice of internal auditing.

Covers the knowledge, skills, and abilities exam candidates must possess to be the most competent and capable internal auditor possible.

**BofI Federal Bank Senior Internal Auditor**

**Location:** San Diego, CA  
**Date Posted:** July 2, 2018  
**Date Ending:** October 2, 2018

By: Urton Anderson, PhD, CIA, CRMA, and Andrew J. Dahle, CIA, CRMA, CPA

This book is designed to serve as a practical guide for applying the IPPF. It reviews basic information on the essential elements required for providing effective internal audit services, discusses in depth those elements representing significant change, and provides specific practical tools and techniques for delivering high-quality internal audit services. An Online Toolkit is included with the purchase price of the book.

New from the Internal Audit Foundation!

This updated edition provides internal auditors with guidance on how to put into practice The IIA’s International Professional Practices Framework (IPPF). It represents a major restructuring of the earlier works, reflecting the new IPPF and Internal Audit Mission Statement, which came out in 2015 and introduced the Core Principles and Implementation Guides. It reflects the 2017 revision to the International Standards for the Professional Practice of Internal Auditing and looks at internal audit application of the IPPF through a maturity model lens and from the perspective of small audit departments.

This useful guide serves as a “crash course,” outlining the specific actions auditors must take to conform with the Standards and the other elements of the IPPF.

It provides:

- Further explanations of meanings behind the principles-based Standards
- Practical tools and techniques for delivering high-quality internal audit services
- Examples of leading practices in implementing the Standards and best practice internal auditing
- Discussion of trends and various points of view on topics core to the profession

The internal audit profession is at new heights of organizational investment and stature. Its importance is widely recognized by boards, audit committees, and management. The fact that the profession has one global set of standards, united across the world, that have been embraced by many regulators, legal systems, and governance bodies shows the strength of this foundation.

An Online Toolkit is included with the purchase price of the book.
