JOIN US IN NEW YORK FOR THESE BEST-SELLING COURSES!

As the recognized authority and principal educator for the internal audit profession, The IIA provides comprehensive and in-depth training on a variety of topics. We are bringing our training to New York on September 25–28, featuring eight courses. Courses include:

- **Tools & Techniques I: New Internal Auditor** provides auditors with three or fewer years of experience with a strong base of knowledge and an understanding of basic audit skills.

- **Tools & Techniques III: Audit Manager** is designed for internal audit managers and senior managers with six or more years of experience, and teaches them the strategic business skills and change management techniques that will help them perform effectively.

- **Performing an Effective Quality Assessment** is designed to help auditors learn how to perform an effective external assessment and/or periodic internal assessment of an internal audit activity.

- **Communication Skills for Auditors** helps auditors develop their own communication styles, while learning how to respond to the styles of others, and get messages across clearly.

- **Cybersecurity Auditing in an Unsecure World** provides an understanding of cybersecurity concepts that can be used to facilitate integrated audit efforts within your organization.
