Look familiar?
THE AGILE MANIFESTO

Four foundational values with twelve supporting principles
Four Values of Agile

- Individuals and interactions over processes and tools.
- Working software over comprehensive documentation.
- Customer collaboration over contract negotiation.
- Responding to change over following a plan.
Value #1

Individuals and interactions over processes and tools.
More thought.
More conversation.
More voices in the room resulting in a better outcome.

means...

drive better outcomes by...

Going to the work.
Value #2

Working software over comprehensive documentation
Agile does not eliminate documentation, but it streamlines it means...

drive better outcomes by...

Partnering to help the team understand the importance of strong user stories
